

Summer Camp A, Lea Scout Centre, started the summer season off with an amazing start, all who were on it would agree that the camp was a huge success. The week was full to the brim with spy themed activities, which resulted in lots of fun for all.

The camp had an amazing group of leaders and with a great group of kids this camp has become the biggest camp in its history. The kids were full of energy, laughter and willing to give everything a go.

The camp began with its spy theme; everyone was put into groups and accepted their mission to find the traitor within their group. The groups competed in games and challenges along the way they were given clues to help them find the traitor.

There were lots of fun times with; beach flags, sand castle building competition, impossible quizzes, water fight, and games of go-go-stop, craft, cooking, trust activities, spy laser course, morning exercises, ghost story, sing along, talent show and a game of cricket.

The highlight of the activities was the minute to win it challenges where groups went head to head in different challenges. One was to unroll a roll of toilet paper as fast as possible. Another was the 'Orio' challenge; this I would say was the crowd favorite with both leaders and kids. When Webby, Billy and Andrew stepped up to get their Orio biscuits to their mouth first, the noise behind each challenger from their team didn't stop with their member's finishing the cheering just went to the next competitor. The noise when Billy beat his dad was the loudest of all the challenges.

This was my first time as a captain and I thank all the kids and leaders those crazy Eddy Rice's that made it fun for me too. Thanks Webby too for all of your help. It was an amazing thrill for me too, to see all the kids and leaders having fun and interacting playing around together. To see the smiles of joy and hear the laughter of fun is amazing and I thank you all for letting me be part of it.

We were all blessed with a fantastic week, new friendships were formed, long lasting memories made and everyone involved had a great time.
